THIS CATALOGUE OFFERS PORTIONS OF THE NUMISMATICALLY RICH DAVIS COLLECTION recently purchased by us. Mr. Davis started collecting around 1960 and acquired around 5000 coins of various Latin American countries. Having a keen eye and intellect, he noticed many varieties that were not previously catalogued. As a general rule, the quality of his coin collection was far above average for the specific types involved.

WE HAVE SPENT HUNDREDS OF HOURS organizing and preparing this extensive collection for sale. However, due to the time that was required to handle our April 26 auction, we were unable to prepare any major section of the Davis collection completely. Thus we hereby offer only a "random" selection from this massive collection.

Over half the crowns in the Davis collection are listed in this catalogue. You will note a considerable number of the very popular pillar and portrait types as well as some superior pesos of Honduras and Chile. Also please look over the Guatemala Y88 group (#204 - #237) and think about the impressive Peru Sol collection (#288).

In our next price list in July, we hope to present a more organized group of the republican Latin American minor coins. Those of you who love that area should prepare yourselves to consider a number of outstanding pieces. The group offered in this catalogue should whet your appetite!

Collectors of the less expensive minors are wise to check the SIERRA COINS lists published by us as many of the under $25 crowns and minor coins will be offered therein.

We look forward to seeing many of you at our table at C.O.I.N. in June and the ANA in July.

OUR AUCTION SALE A SUCCESS

WE ARE EXTREMELY GRATEFUL TO THE 115 BIDDERS WHO ACTIVELY COMPETED FOR THE 225 LOTS IN OUR APRIL 26 AUCTION. After 65 or so phone calls on the closing date of the auction, we realized that about 30% of the lots sold for more than we had estimated. Overall, 85% of the lots commanded bids of wholesale or more; the other 15% were primarily items in the $100 - $150 price range.

Presently we are thinking of having only one auction a year. Under that plan we would be able to maintain the quality of the material offered and of the catalogue.

We are in need of more collections of Latin American coinage. This year we have already purchased all six of the collections that have been offered to us; in each case our offer was substantially more than any other bids received by the owner. It has been more than two years since we were offered a decent Latin American collection only to be outbid by another dealer. So, if you are thinking of selling, get bids from 3 or 5 or 10 other dealers - and then sell your numismatic jewels to us!

TELEPHONE ORDERS: We will pay postage and insurance on all domestic U.S. orders received with payment or by telephone; others will be billed. We are open most weekdays from 10 AM to 6:30 PM. Our answering service will receive phone calls 24 hours a day whenever we are not in the office. Leave your name and the list numbers wanted; we will contact you in case of any confusion. When personally available, Freeman or Marney (but not the answering service) can be phoned at 415-332-1828.
